INTRODUCTION

1000dunas is an endurance and navigation raid that lives up to the values of desert adventure and aims to push your limits. All riders and drivers live together at **1000dunas** and share the most important value: a passion for true adventure.

Riders may choose from 4 different categories with various stages and different distances covered. Each rider sets himself or herself a goal. Thus, **1000dunas** may be the best school for the initiated, the best training for experts or the hardest raid in the world. Set your own limit!

Navigation is the main pillar of **1000dunas** adventure. Our sports director, Miguel Puertas, offers his experience as a rider and as team manager of the best privateer raid rally team in the world, Himoina Racing Team. His particular vision has designed routes that will make you evolve as a navigator and undertake new challenges.

1000dunas tracks are exclusive and different for motorbikes and cars. This enables motorbikes to cover less accessible routes and makes every special stage more technical, fun and safe. It also allows car drivers to enjoy a high-level experience with an SSV or a 4x4 production vehicle.

1000dunas is a RAID that starts and ends in the city of Granada and will take its participants to Zagora, Morocco in its second edition. In 7 stages with 100% navigation . The most technical stages are:

The 13 Peaks of Merzouga

We go back to our fabulous stage "The 13 Peaks". A mass start of all raid categories riders, 150 km of **SAND-ONLY** off-road navigation in order to crown the 13 highest Chebbi Erg super dunes and validate the WP of this special stage. A good chance to show your riding-over-dunes technique.

Team stage

This enduro stage requires teamwork. **3 raiders** of different categories per team, chosen by the organization based on the raid's ranking. Thus, professional riders along with the initiated will have to complete this challenge and strengthen their team spirit.

NON STOP stage

This stage will take place over two continuous days. You'll manage your resources, efforts and time to reach the provisioning points and sleep under the stars. After the second sunrise, your goal is to reach the camp and rest deservedly. There's no day or night for a good rider You must be ready for action 24 hours a day. **Do you dare ?**

OBJETIVES

100% NAVIGATION

Riders will come up against first class road books. Off-piste navigation, CAP, WPM (Hidden Waypoint), WPC (Control Waypoint), visual references...it will all be the best training. If you are new to navigation, taking part in **1000dunas** is not an issue since you'll be advised and trained by our team led by Miguel Puertas and Romano Caviglia. **OBJETIVES:** An evolution in learning and facing new challenges.

LIVE THE DESERT

The territory **1000dunas** travels through is part of the adventure. The bivouacs in the middle of the desert are the best way to ensure this experience is authentic. The environmental conditions are the same for all participants. You'll sleep and live together in camps under the stars with the other riders in this second edition. **OBJETIVES:** Test your capability to adapt and work in teams.

YOUR GREAT CHALLENGE

The greatest challenge of 1000dunas 2019 is ELITE category. 2.500 km of specials stages over 7 days. Only a few will be able to complete it. Do you dare? If it feels like too much, don't worry; there are two other categories of 2.000 and 1.500 km of special stages that will leave no one feeling indifferent. 1000dunas is the first raid where you set your own limits.

OBJECTIVE: Ride to your limits!

BIKES

CATEGORIES

Staying true to our raid format for all driving, navigation and endurance abilities, we offer the following motorbike categories for this second edition:

ELITE RAIDER. 2.500km SS

Aimed at those who want to experience the hardest and most extreme the bike world has to offer in 2019.

PRO RAIDER. 2.000km SS

For experienced riders who want to enjoy, train or compete in an authentic rally-raid.

ADVENTURE RAIDER. 1.500km SS

For riders who are starting out and want to experience the thrill of competition

TRAIL RAIDER. 1.500km SS

For those who want to live the experience and feelings of a true desert raid with their Maxi Trail motorbikes.

In each and every category you'll be able to test yourself and test your skills against other riders of the same level.

OBJECTIVE: Out-do Yourself!

CARS

CATEGORIES

4x4 production vehicles/ SSV

This 2019 edition allows you to take part with your SSV or your off-road production 4x4. This category will have its own road book, different from the motorbike road book, but just as navigationally demanding so you won't be disappointed by your 1.500km of adventure.

LOGISTICS

1000dunas RAID registration includes all logistics. We transport spare parts, tools and luggage so that you are self-sufficient from the start. If you choose to bring an assistance team, we'll help you with the logistics. Contact us! competitors@1000dunas.com or +34 676 599 275
